

TIER 2 RESTRICTIONS HIGH ALERT

From 2 December 2020

Meeting up and socialising with others

Groups of up to six people can meet outdoors (including gardens). You can only meet indoors with people in your household or your support bubble.

Eating out

Pubs, bars, and restaurants which serve a substantial meal can open. Venues must stop taking orders at 10pm and must close at 11pm.

Non-essential shops and services

Shops, entertainment venues, hairdressers and beauty salons can reopen in a COVID-secure manner.

Education and work

Work from home if possible. Students should go to school, college, or university, unless they are self-isolating.

Exercise and sport

Organised outdoor sport and exercise classes can take place. Gyms, leisure centres and sport facilities can open, and should be COVID-secure.

Places of worship

Communal services can take place, but you must not socialise with those outside of your household or support bubble.

Weddings and funerals

Weddings with up to 15 people and funerals with up to 30 people can take place.

Sports and entertainment events

Audiences are allowed (with limited numbers) both indoors and outdoors at spectator sports, business events, shows and performances.

Travel

Try and reduce the number of journeys you make. If you travel to a Tier 1 area, continue to follow Tier 2 rules. Avoid travelling to Tier 3 areas.

For more information about Tier 2 restrictions and changes to rules on support bubbles, please visit the Government website:
www.gov.uk/coronavirus.
